

Jackie Harmon, Co-Owner

Jackie Harmon is co-owner of Healthy Clean. As a mother of two young children, she had a hard time finding a dependable home cleaning service that offered safe, “green” products. Jackie, along with her mother and real estate partner, Susan Feindt, actively work on HUD contracts and have a steady stream of regular home sales, both decided to start their own cleaning business in 2007.

The mother-daughter team felt it was a natural fit for them to start a cleaning company that serviced their client’s needs and their own needs for having a clean-green home. The business concept has grown exponentially in the past two years in South Denver.

Creating a cleaning service company that uses the safest materials available and are environmentally friendly, biodegradable, and non-toxic was a priority for Harmon.

Jackie resides in Highlands Ranch, Colo. and is active in her children’s school and Healthy Cleans’ support of, *Cleaning for Heroes*. Healthy Clean is also active in the Highlands Ranch Chamber of Commerce and is a member of the Better Business Bureau.
