

Reba Harmon, President

Reba Harmon was announced as President of Healthy Clean, Inc. in early September, 2011. Harmon's goal is to grow the company, while continuing to provide a level of service to customers that surpasses the industry norm. Leading a company that offers a non-chemical and non-harmful approach to residential and commercial cleaning intrigued Harmon. She wants to assure that Healthy Clean's customers' homes and/or businesses are cleaned well, and with products that are safe for children, pets, as well as adults. This also ensures the safety of Healthy Clean's employees.

Reba has worked with Healthy Clean's sister company, Ritesource Staffing, and has been Healthy Clean's CFO since 2009. She previously worked for Jeppesen Sanderson for more than 20 years in software development, and for the last seven years of her tenure there, she was Director of Production and Distribution. At Jeppesen, she gained valuable experience in process development, safety procedures, budget management, and leadership.

She supports Healthy Clean's nonprofit organization, Cleaning for Heroes. Healthy Clean is also active in the Highlands Ranch Chamber of Commerce and is a member of the Better Business Bureau.

Reba resides in Centennial, Colo. with her husband of 27 years. They have three adult children, four grandchildren and enjoys traveling and gardening in her spare time.
